Re:

Progress Telecom, LLC Certification of CPNI Filing in EB Docket No.

06-36; EB-06-TC-060

and

Request to Accept Late-Filed Submission

Dear Ms. Dortch:

Progress Telecom, LLC ("Progress"), by its undersigned counsel, respectfully submits the enclosed customer proprietary network information ("CPNI") compliance statement in accordance with the Enforcement Bureau's Public Notice dated January 30, 2006.

On February 6, Progress submitted a Request for Extension of Time to file the requisite compliance statement. In that letter, Progress explained that it was in the process of selling the majority of its communications operations to another carrier, and that the Progress officers were on travel in their efforts to prepare for closing. As a result, the officer who would normally sign the Compliance Filing was not reachable in time to review and sign the certification of compliance. That officer did sign the certificate on February 10, 2006, and that certification is attached to this letter. As Progress noted in its February 6 letter, the pending sale of the Progress Telecom, LLC communications operations is truly an extraordinary circumstance that rendered timely compliance with the Commission's filing requirement impossible. Given these extraordinary circumstances, and Progress' prompt action in submitting this certification, Progress respectfully requests that the Bureau treat this submission as timely filed. If the Bureau

does so, no further action will be required in response to the request for Extension of Time that Progress submitted on February 6, 2006.

Per our February 6 letter, Progress has now had time to prepare its statement regarding its handling of CPNI, and to execute the certification required by the Enforcement Bureau's Public Notice. These are provided below:

Progress currently provides fiber connectivity services primarily to carriers and large enterprise customers. Progress Telecom has adopted a Code of Ethics that requires all employees to safeguard confidential information of the company. Under the Code of Ethics, all employees are explicitly required to comply with all applicable laws and regulations, and are prohibited from disclosing confidential or proprietary information, except as required for employees to perform their assigned duties. Employees who violate the Code of Ethics may be subject to disciplinary action.

Progress attaches to this letter the executed certification of an officer of the company. Please contact the undersigned directly with any further correspondence regarding this matter.

Respectfully submitted,

Jonathan E. Canis

Counsel to Progress Telecom, LLC
